

Network Accessories

RJ45 Connectors

The new patented RJ45 connector simplifies twisted pair terminations by allowing the wires to be inserted through the connector and out the front. This allows the technician to easily verify the proper wiring order. Electrical performance of the termination is optimized by pulling the connector down over the cable jacket and seating it tightly in the rear of the connector. Reducing the distance between the wire twists and contacts improves performance

- Crimp with the patented RJ45 Crimp Tool for even faster more reliable terminations
- Compatible with most RJ-45 style crimp tools except for AMP verify wire sequence
- Simple one piece design... no bars or liners
- Reduces scrap, no wasted crimps
- Faster terminations
- More reliable, higher performance

APPLICATION:

- Use in category 3, 5, 5E and 6 compliant data networks and patch cords.

TECHNICAL DATA:

- Compatible with most existing crimp tools except AMP
- 50 micro inch gold plate
- FCC compliant
- UL rated
- Patented

#	DESCRIPTION	PKG
601040	RJ45 CAT 5E CRIMP PLUGS	100 EA/Box
601042	RJ45 CAT 5E SHIELDED CRIMP PLUGS	100 EA/Box
601044	RJ45 CAT 6 CRIMP PLUGS	100 EA/Box
601046	RJ45 CAT 6 SHIELDED CRIMP PLUGS	100 EA/Box

Tool-Pro

APPLICATION:

- CAT5E connectors
- CAT6 connectors
- CAT5E/6 Shielded connectors
- Compatible with all RJ45, RJ12 and RJ11 modular plug connectors.
- Zero flex frame prevents torque loss during the crimping cycle
- Tool steel die head assembly provides 360 degrees of connector support during crimp
- Clean, ultra flush trim on the RJ45® extended conductors
- Expanded surface area on contact drivers delivers full, uniform crimp force
- Built in wire cutter and strippers
